Eaton Expands Power Quality Offerings with Acquisition Of Pulizzi Engineering

CLEVELAND ... Diversified industrial manufacturer Eaton Corporation (NYSE:ETN) announced today it has acquired Pulizzi Engineering, a leading manufacturer of AC power distribution, AC power sequencing, redundant power and remote-reboot power management systems. Terms were not disclosed. Pulizzi Engineering had 2006 sales of \$12 million and is located in Santa Ana, California.

“The acquisition of Pulizzi broadens our power quality and distribution offerings and builds upon our existing strong product line,” said Randy W. Carson, Eaton senior vice president and president – Electrical Group.

Eaton Corporation is a diversified industrial manufacturer with 2006 sales of \$12.4 billion. Eaton is a global leader in electrical systems and components for power quality, distribution and control; fluid power systems and services for industrial, mobile and aircraft equipment; intelligent truck drivetrain systems for safety and fuel economy; and automotive engine air management systems, powertrain solutions and specialty controls for performance, fuel economy and safety. Eaton has 61,000 employees and sells products to customers in more than 125 countries. For more information, visit www.eaton.com.
